Our textile finish combines luxurious texture with stunning design, creating a warm and inviting atmosphere in any interior space.

Heritage patterns and motifs bring a touch of timeless artistry to your space, celebrating rich traditions and cultural craftsmanship in every design.

The pure wood finish captures the essence of natural timber, adding warmth and authenticity to your interiors with its rich textures and inviting charm.

The marble finish exudes timeless elegance and sophistication, effortlessly elevating any space with its stunning, natural-inspired beauty.

Textile

Experience the elegance of our textile finish, where soft textures meet bold design. This unique laminate collection captures the essence of fabric, adding warmth and sophistication to any space. Perfect for those seeking a touch of luxury, our textile finishes redefine interiors with style and comfort.

milange

A stunning aura of charming verve for those who believe in decors of authentic and alluring realm

Disclaimer: Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Samples presented are indicative of color, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only. All products from Super Hylam Private Limited are free from manufacturing defects and fit for use under normal conditions, however the product will normally deviate from manufacturing related specification. Limited warranty shall be limited only to the original buyer. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. Our products are used for various applications without the possibility of control over the manufacturing of the finished products. The company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity. Company shall not be liable for any damages due to loading and unloading of sheets or any broken corner or any damages during transit of goods. No claim will be entertained for any problem in the substrate used. Bonding of laminate under high humidity, plywood with high moisture content, plywood with uneven surface, inferior quality adhesive and insufficient pressure may lead to delamination or air bubble between laminate and substrate. Company will not entertain such damages or liabilities. Do not use nail and hammer while cutting corner, Grew, Angle, and designs. Use only drill while cutting such Corner, Grew, Angle and designs.

Note:

- No Complaint will be entertainment for air bubble or any other problem due to pasting error or inferior quality adhesive used.
- No Complaint will be entertainment for mica cracking.
- Cutting a laminate sheet at an angle 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.
